

TAPPS Physical / Medical History Tutorial

All students participating in any extracurricular activity are required to have the **MEDICAL HISTORY** form (2 Page document) completed. If your child will participate in any sport, band, dance, or cheerleading they will also need the **MEDICAL HISTORY** and a current **PHYSICAL** (3 page document) on file.

We have provided 2 download and print options for your convenience.

OPTION 1

If you need just the **MEDICAL HISTORY** document, please click on the “**MEDICAL HISTORY**” tab (2 page document). Once you have clicked on the tab you will have access to a fillable PDF. Please fill out all information on your computer before printing.

Once you have filled out the appropriate PDF and printed the documents, please turn them into the school.

Note: Some schools will require you to upload the documents to an online form, “Physical/Medical History Upload Form”. If this is the case, you can either scan the documents or take a picture to upload and submit.

If your school does not have the online upload form, you will need to turn your student’s Medical History/Physical form into the school.
